

Guardians of Safe Working Hours National Conference 2019
Horizon Leeds, 2 Brewery Wharf, Kendell Street, Leeds LS10 1JR
30th September 2019

Guardians of Safe Working Hours (GoSWH) are responsible for protecting and enforcing the safeguards outlined in the 2016 Terms and Conditions of Service (TCS) for doctors and dentists in training. They have been effective in ensuring that doctors are protected by the safeguards, which in turn allows for mitigated risks, enabling doctors to address the safety of patients. This conference offers you a platform to network and engage with the Guardians on a national scale. Previous events have covered a range of interesting issues relating to the 2016 Junior Doctor contract and have included workshops and information sharing.

The GoSWH National Conference is a well-attended event with circa 100 Guardians in attendance. The conference provides an opportunity for Guardians across the country to gain a broader understanding of the role, whilst also sharing examples of best practice, discuss the challenges faced as Guardians, and network on a national level. Delegates have the opportunity to hear from a wide range of key speakers and Guardians, as well as colleagues from both within and outside of the NHS.

The event offers an unrivalled opportunity to connect with this normally hard to reach audience and showcase your products and solutions. We have packages available that include speaking opportunity's, as well as a limited number of exhibition stands - please see page 2 for details.

To secure your presence or if you have any questions, please email supporters@nhsconfed.org or call 0113 306 3113.
