

Mental Health Network Annual Conference & Exhibition

Thursday 5 March 2020
The King's Fund, London

Supported by [LivaNova](#)

08:45 - 09:45	Home Group Breakfast Session - How new technology could prove life enhancing for people with learning disabilities and autism Attendees will be the first to hear the initial findings from a unique research project exploring the role of digital technology in supporting care at home which has revealed the dramatic impact it could have on the lives of people with learning disabilities and autism. Our panel will introduce the next phase of research which will focus on people with mental health needs, and there will be an opportunity for attendees to raise the issues they think are the most pertinent in regards to using technology to support people with mental health needs to live more independently. Chair: Paul Jenkins OBE <i>Chief Executive, Tavistock and Portman and NHS FT & Chair, Mental Health Network</i> Dr Nichola Stefanou <i>Director of Clinical Practice, Home Group</i> Professor Glenda Cook <i>Professor of Nursing, Northumbria University</i> Lindsay Courtney <i>Strategic Lead, Service Design and Practice, Home Group</i>
