1 in 4 adults report having been diagnosed with at least one mental health problem.

Approximately 2 million more people will have a mental health problem in the UK by 2030.

A recent survey shows 90% of mental health trusts and 60% of commissioners do not feel confident £1 billion additional taskforce investment will be enough to meet mental health service challenges.

Mental Health Taskforce report 2016 said: “We have identified the need to invest an additional £1 billion in 2020/21.”

We have identified the need to invest an additional £1 billion in 2020/21.

45.6% of NHS mental health trusts reported a deficit by 30/9/15.

Real-term fall in NHS mental health funding over the course of the last parliament.
