ICS Network National Conference and Dinner 2021
9-10 November 2021

September 2021
About us

The NHS Confederation is the membership organisation that brings together, supports and speaks for the whole healthcare system in England, Wales and Northern Ireland.

The members we represent employ 1.5 million staff, care for more than 1 million patients a day and control £150 billion of public expenditure. We promote collaboration and partnership working as the key to improving population health, delivering high-quality care and reducing health inequalities.

The Integrated Care Systems Network is part of the NHS Confederation. As the only national network bringing together the leaders of health and care systems, it supports ICS leaders to exchange ideas, share experiences and challenges, and influence the national agenda.
Foreword

Louise Patten
Chief Executive, NHS Clinical Commissioners
ICS Network Lead

We are at a critical stage in the development of the future health and care system. Still dealing with an unprecedented pandemic and all its repercussions, we are entering a new phase of the health and care system. Parliament is, as we speak, looking at legislation that will change the shape and structure of the health and care service by creating integrated care systems with statutory responsibilities, but ones that are intended to also embrace a fuller and wider sense of true partnership with fellow NHS colleagues and those in local government and the voluntary and social enterprise sectors. It’s never been a more critical time for those leaders who will be tasked with preparing for and steering through this change and to work together with other sectors to achieve better outcomes for their patients.

That’s why the NHS Confederation created the ICS Network in 2019 and is the only member body to represent them. The ICS Network brings together leaders including chairs, ICS leads, finance directors, programme directors and communication leads as they prepare to take on statutory responsibilities in April 2022. We have been on a journey with our members since 2019, and the membership has grown to include a range of leaders from all 42 systems. Our role is to represent our members, support them through
briefings, reports, case studies, and connect them with one another as well as key policymakers.

Our national members event in November will be a unique one: this is the first time up to 95 ICS leaders will come together, face to face, joined by colleagues online to share experience and learning, discuss the development of their systems, and to hear from and ask questions of the most senior health leaders in England. We will be exploring issues around leadership models, governance, tackling health inequalities and the wider determinants of health, the advantages of digital, and what success ultimately will look like. With so much to be done by April 2022, leaders will have the chance for peer-to-peer learning and shared experience.

This will be a truly unrivalled opportunity to connect with this senior audience and showcase the support that you could offer them as they drive forward their integrated care systems. On behalf of the ICS Network, I look forward to working with you in 2021.

Exhibitors will supplement the knowledge gained and discussions started in the conference sessions by marketing the support, products and services showcased throughout the conference.

Why exhibit?

Face-to-face marketing has been shown to be one of the most effective ways to communicate with your target audience, creating excellent networking opportunities. It also represents tremendous value for money. The ICS Network will have done all the hard work to bring these hard-to-reach decision-makers, presenting you with the opportunity to engage with key clients, key prospects and key influencers. The ICS Network National Conference will allow you to:

• **Get in front of the people that matter**, away from the pressures of the office and therefore more open to ideas.
• Take advantage of the opportunity to **communicate directly with clients**.
• **Demonstrate products and services**.
• **Answer questions**.
• **Overcome objections**.
• **Meet your market** face-to-face.
• Get your biggest advocates, your people, to **talk to your potential clients**.

The exhibition booth package at the venue includes:

• **6ft trestle table** and **two chairs**.
• One conference **delegate place**.
• Access to **power**.
• Wi-fi **internet access**.
• One exhibition stand **personnel pass**.
• **Lunch and refreshments**.
• **Virtual exhibition booth** included (see below for details).

**Exhibitor fee**: £1,750 + VAT
The virtual exhibition booth package includes:

- Branded virtual exhibition booth.
- Option to upload marketing collateral such as brochures, reports and case studies (file size TBC).
- Live chat function to interact with delegates and answer questions.
- Live video call function for face-to-face interaction and product demos where relevant.
- Option to upload a three-minute video introducing your organisation or a product demo for delegates to better understand your offer.
- Engagement metrics made available on hosted content on virtual exhibition booth (document views, video views etc).
