Accurx Stand 41

Accurx is a leading healthcare communication platform on a mission to make patients healthier and healthcare staff happier. Our vision is a connected healthcare system where anyone involved in a patient's care can easily communicate with everyone else - including the patient. Used by 98% of GP practices in England and 57% in Wales, Accurx supports secure two-way messaging, ambient voice technology, and digital triage across the entire health system. By streamlining communication across primary and secondary care, we help the NHS manage demand and capacity more effectively, reducing administrative burden and improving collaboration, productivity, and patient outcomes system wide.

Email: partnerships@accurx.com

Website: www.accurx.com

X handle: @Accurx

Alcidion UK Limited Stand 20 Smarter Solutions for Clinicians

Alcidion's Miya Precision platform transforms patient flow across the care continuum - from emergency departments through inpatient care to virtual care in the community. Our modular FHIR-enabled technology integrates data from multiple systems, providing real-time visibility of capacity and demand, identifying bottlenecks and enabling proactive management.

Miya Precision supports clinical decision-making at every point of care. By automating routine tasks and reducing cognitive burden, we help healthcare organisations optimise patient flow, improve outcomes and unlock value from existing technology to deliver measurable impact at patient, organisational and system levels.

Email: michelle.manuel@alcidion.com

Website: www.alcidion.com

X Handle: @alcidion

Alliance Clinical Services Stand 39

Alliance Clinical Services delivers high quality clinical insourcing solutions across the NHS and HSE Hospitals. We support hospitals to reduce waiting lists efficiently and safely. We partner with Trusts and Health Boards to provide Consultant led services across specialties including Endoscopy, Ophthalmology, Dermatology, Orthopaedics, ENT and Diagnostics (CT, MRI, and Ultrasound). Our flexible delivery models enable hospitals to maximise existing capacity during evenings and weekends while maintaining full clinical governance and patient safety standards. Alliance Clinical Services is part of Alliance Health Group one of the UK and Ireland's leading healthcare providers, committed to innovation, quality and value for money.

Email: ACSinfo@allhealth.co.uk

Website: www.allianceclinicalservices.co.uk

Altera Digital Health

Stand 37

Altera Digital Health is a leading provider of Electronic Patient Record (EPR) systems in the UK. Our flexible, integrated EPR brings together clinical, administrative, and patient flow capabilities, helping the NHS deliver safer, more reliable care while accelerating digital maturity. At Altera Digital Health, over 45% of our UK team has direct NHS experience—a figure that's not just a statistic, but a reflection of our alignment with the values, challenges, and priorities of the NHS. This deep-rooted understanding allows us to design and deliver solutions that truly resonate with clinicians, administrators, and patients alike.

Alzheimer's Society Stand 35

Alzheimer's Society are the UK's leading dementia charity. We give vital support to those who need it, fund groundbreaking research, and campaign to improve experiences. It will take a society to beat dementia.

Alzheimer's Society are represented at this conference by members of the Local Influencing and National Influencing teams. These teams work closely with politicians across Wales and with our amazing campaigners to help improve the lives of people living with dementia

They are currently working hard to ensure that the new Dementia Action Plan for Wales is published and implemented by Welsh Government

Email: local@alzheimers.org.uk
Website: www.alzheimers.org.uk

Arthritis UK Cymru Stand 13

Arthritis UK Cymru is the leading arthritis charity, changing lives through research, campaigning and support.

Over 10 million adults, young people and children in the UK live with arthritis. The impact of arthritis can be huge, affecting the ability to work, care for family, move free from pain and live independently. Yet for a condition affecting so many, it's poorly understood and far too little is done. That's why we invest in life-changing research into better treatments, support people through the daily challenges of life with arthritis, and campaign on the issues that matter most to people living with it.

Email: K.Ryan@arthritis-uk.org / M.Cowern@arthritis-uk.org
Website: www.arthritis-uk.org
X handle: @CymruArthritis

Arts Council of Wales
Stand 14

The Arts Council of Wales is responsible for funding and developing the arts in Wales. Working with a range of partners, we have developed an extensive Arts & Health programme so that more people can enjoy the health and wellbeing benefits of being creatively active. We provide financial support for almost every health board to employ an Arts & Health Coordinator and invest in new projects through our Arts Health and Wellbeing Lottery Fund.

Email: artsandhealth@arts.wales
Website: www.arts.wales
X handle: @Arts_Wales_

BDA – The Association of UK Dietitians -
Bwrdd Cymru
Stand 16

The BDA is the professional voice of dietitians across the UK. The BDA has established country boards in each of the four nations to ensure local relevance and impact. They engage with government departments, professional bodies, and other key stakeholders to strengthen and amplify the voice of the dietetic profession.

Email: publicaffairs@bda.uk.com

Confederasiwn GIG Cymru

BMJ Group Stand 28

BMJ Group is a global healthcare knowledge provider with a vision for a healthier world. We promote better scientific evidence and help create better clinical decisions and health systems through three lines of business:

1. Publishing and Events: Influencing health policy and practice and connecting communities through impactful research publications, data tools and event delivery.
2. Careers and Learning: Empowering healthcare professionals worldwide throughout all career stages with exam preparation, interactive learning modules, and job boards.
3. Digital health: Enhancing medical expertise and clinical decision-making by innovating evolving evidence based content and platforms based on the latest research and guidance.

Boehringer Ingelheim Stand 5

Boehringer is an independent biopharmaceutical company active in human and animal health. A top investor in R&D, we take a long term, sustainable view, focusing on innovative therapies in areas of high unmet medical need.

Welsh NHS Confederation
Confederasiwn GIG Cymru

Browne Jacobson LLP Stand 24

Browne Jacobson

We are the law firm working to make a difference across business and society. We champion fairness, make the complex simple and forge connections between clients to find creative solutions to improve outcomes for every person, community, and business we serve.

We are a top 50 law firm, providing pragmatic legal advice across a range of sectors including insurance, financial services, education, healthcare, construction and real estate, public sector, energy and infrastructure, manufacturing and industrial, retail and consumer, and technology.

With more than 1,000 people in offices spanning London, Dublin, Cardiff, Nottingham, Manchester, Birmingham, and Exeter.

Care and Repair Cymru Stand 4

Care & Repair improve homes to change lives. We are a Welsh charity helping older people to live independently in safe, warm, accessible homes by delivering repairs, adaptations and home maintenance.

We support around 50,000 households across Wales annually. Our adaptations reduce hospital admissions for older people from injurious falls by 17%, saving around 35,000 Welsh NHS bed days annually.

Our 'Hospital to a Healthier Home' service works with hospital staff to identify patients with housing issues that may delay discharge and complete the adaptations necessary to enable efficient discharge. On average, the service reduces hospital stays by 6 days.

Care & Repair
Gofal a Thrwsio

CareScribe Stand 12

CareScribe is an award-winning assistive technology company in Bristol. We build software that helps people with disabilities work and study independently and more effectively. We do this through two products: Caption.Ed and TalkType.

CareScribe

Caption.Ed is captioning and note-taking software that helps people better comprehend and retain the huge amounts of information thrown at them. TalkType is highly accurate, lightning-fast dictation software that turns speech into text.

Our products support a wide range of disabilities and neurodivergent profiles, including ADHD, Dyslexia, hearing loss, and Auditory Processing Disorder, while also supporting productivity by reducing cognitive load and streamlining everyday tasks.

Confederasiwn GIG Cymru

Chartered Society of Physiotherapy Stand 19

The Chartered Society of Physiotherapy is the professional, educational and trade union body for the 2,500 chartered physiotherapists, students, and support workers in Wales.

**Chartered Society
of Physiotherapy**
**Cymdeithas Siartredig
Ffisiotherapi**

Physiotherapists use rehabilitative approaches with a wide range of population groups across sectors; and in hospital, community and workplace settings. Physiotherapists facilitate early intervention, support self management and promote independence, helping to prevent ill health developing into chronic conditions, ensuring everyone receives the right to rehab.

Physiotherapy is founded on a strong evidence base, clinical leadership and person centred professionalism, addressing healthcare priorities and delivering services in cost effective ways.

Website: www.dhcw.wales.nhs

Flexzo Ai
Stand 33

Flexzo.ai is the intelligent healthcare staffing solution helping NHS Trusts cut agency spend to net zero, fill shifts faster, and improve service delivery - powered by AI automation, smart compliance tools, and real-time clinician availability.

As part of its agency reduction toolkit, Flexzo includes a Clinical Service Planner that enables Trusts to cost, staff, and schedule additional clinics in-house, offering a flexible alternative to expensive insourcing. Combined with instant AI job-matching, Flexzo gives NHS teams the control and visibility needed to sustainably transform workforce delivery.

Genomics Partnership Wales
Stand 10

New genetic and genomic technologies are allowing us to develop a much more detailed understanding of the link between our genes and health.

In recent years there has been international recognition that these technologies have the potential to revolutionise medicine and public health.

Genomics Partnership Wales is working together to harness the potential of genomics to improve the health, wellbeing and prosperity of the people of Wales.

Along with our partners and stakeholders, GPW will ensure these plans will be fulfilled in the fields of genetics and genomics, while supporting the delivery of precision medicine in NHS Wales.

Welsh NHS Confederation
Confederasiwn GIG Cymru

GS1 UK Stand 7

GS1 UK is one of 120 data standards organisations operating worldwide.

In healthcare, GS1 standards are used to uniquely identify every person, product, and place. This enables products and medical devices to be identified and tracked through the supply chain to the patient – helping to improve traceability.

Data is commonly captured in a barcode which is scanned at the point of care as part of a programme known as Scan for Safety. NHS Wales is implementing a national Scan for Safety programme across all health boards and trusts to improve patient safety, reduce unwarranted clinical variation, and drive operational efficiencies across the health service.

Health and Care Research Wales Stand 21

Health and Care Research Wales is a networked organisation, supported by Welsh Government, which brings together a wide range of partners to promote research into diseases, treatments, services and outcomes that can lead to improve and even save people's lives. Working in partnership with the NHS Wales, local authorities, universities, research institutions, third sector and global research funders, we are the national support for research across Wales. We provide oversight of health and social care research to ensure the highest international scientific quality, relevant to the needs of the public to make a difference to policy and practice.
