

KEY ISSUES FOR HEALTH & SOCIAL CARE AS THE UK PREPARES TO LEAVE THE EU

- Recruitment of high calibre professionals and trainees from the UK and abroad to work across the health and social care sector
- Continue to recognise the professional qualifications for people trained in the EU27
- Protection of workers' employment rights and the rights of patients and people who use care and support post-Brexit
- UK health and social care organisations continue to participate in EU networks and programmes
- Patients continue to benefit from early access to innovative technologies on the EU market and participate in clinical trials
- Regulatory alignment for the benefit of patients, people who use care and support, and public health to ensure early access to innovative health and care technologies
- Reciprocal healthcare arrangements preserved
- Robust co-ordination mechanisms on public health and wellbeing standards to guarantee equal or higher safety
- A strong funding commitment for the health and social care sectors
- Engagement between Welsh Government and the UK Government protecting the interests of health and social care organisations in Wales
